This year we are excited to introduce the Walk Safely to School Day App for Apple and Android phones. The objective is to encourage each Australian child to achieve at least 60 minutes of exercise a day to help prevent obesity and other health problems.

**WHY:** To encourage children to lead a healthier, more active lifestyle by simply including a walk at the beginning and end of each day. The event also promotes reduced car-dependency, greater use of public transport, cleaner air, improved diets and road safety to primary school children throughout Australia.

**FROM THE PRINCIPAL’S DESK**

Teach your child to dial Triple Zero (000) and remember details.

The Queensland Ambulance Service is encouraging parents and caregivers to teach their children how to become potential lifesavers by practising calling Triple Zero (000) with a disconnected or toy phone, or by playing an online training game at [http://kids.triplezero.gov.au/](http://kids.triplezero.gov.au/).

When calling Triple Zero and requesting an ambulance, an emergency medical dispatcher will provide advice and dispatch medical help to your location.

For this reason, it’s also important for families to familiarise themselves with their holiday surroundings by memorising holiday addresses and beach access codes, so they can relay the correct information to Triple Zero staff.

**SUN SAFETY is IMPORTANT NO Hat—NO Play!**

NO Caps allowed—Broad brimmed or Bucket hats only

---

**School Arrival and Departure**

In the interest of supervision and safety, children are not to arrive at school before 8:30 am and should be collected/ have left the school grounds no later than 3:15pm each day. No supervision for students is offered before or after school. Our staff are extremely busy in the mornings and afternoons with curriculum preparation, meetings and administrative tasks, and therefore are not available to supervise early arrivals or late departures. Thank you for your support and understanding; it is greatly appreciated.

SPORTS ADMINISTRATORS WORKSHOP

When: Monday 27 May 2013 from 6:00-9:00pm
Where: Oakey RSL Club 76 Campbell Street, Oakey QLD 4401

Committees play an important role in developing and implementing a structured system of administration and management to support club activity and operations. A stable, knowledgeable and well-functioning committee is the key to an effective organisation. This workshop provides committee members with the latest information to assist them in their role. Topics include committee member induction, strategic leadership, legal compliance, financial monitoring, recruitment, and evaluating and improving management. Sport and recreation organisations are often managed by volunteers who freely give their time and effort. It can be difficult for busy volunteers to keep up to date on the legislative requirements, policies and processes that govern sport.

This workshop provides an overview of relevant laws and policies and highlights recent changes that impact on clubs and, in particular, the fulfillment of people’s responsibilities as administrators or committee members.

Registrations close: Thursday 22 May 2013
