Oakey State School received**

\$234,519.00

Our full 2018 agreement can be found at: www.oakeyss.eq.edu.au

Our school initiatives are showing substantial progress toward our targets

After reviewing our 2018 *Investing for Success* agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our initiatives as needed to ensure every student succeeds.

Initiatives implemented include:

- Developing teacher knowledge and understanding of the P-10 Australian Curriculum content descriptions and achievement standards by designing and supporting processes for robust and explicit school wide collaborative planning and moderation processes.
- Developing teachers' capability to embed feedback in the teaching and learning cycle with a particular focus on the school priority area of Reading.
- Developing teacher capacity in relation to STEM through peer collaborative planning and engagement in Primary Connections Science.
- Providing focused and intensive teaching targeted at increasing the number of students achieving within the A-C standard against the relevant year-level achievement standards in the areas of English, Math and Science.
- Developing a plan for monitoring early phase literacy and numeracy with opportunities for professional conversations regarding student progress and strategies for intervention.
- Developing the capacity of the Senior Leadership Team through participation in a Community of Practice.
